

## Summer Program 2021

Come join us for a summer of discovery and fun. We will explore hands-on Montessori Materials as we learn new things. Observe and investigate the wonders of reptiles. Let us be inventive as we explore STEM by building different machines, constructing tracks of tunnels, funnels, ramps, and chutes. Finally, we will close the Summer Program with arts and crafts. Express your creativity through various art mediums.

### Mornings

Each morning we will have fun exploring with our Montessori Materials as we find new ways to learn and challenge ourselves. We will be learning all about our sounds, decoding words and blends, and reading with our vast collection of language materials. This is a great time to help keep those math skills sharp! Our Montessori mornings are also a great steppingstone for our new students starting in August.

### Afternoons

#### **SESSION I: Week 1- Fun and Games / Week 2 - Reptiles**

This session starts off with some fun and games and moves into a week of learning about reptiles. During week one of this session, we will enjoy some games and spend time playing outside in our covered gym.

Students may bring games to share and play with. Do you have a love for reptiles? Then you will surely enjoy week 2. We will be making some reptile themed projects. We will also be learning about the parts and functions of certain reptiles, like our pet ball python, Sniper.

#### **SESSION II: Week 1 - S.T.E.M. / Week 2 - Arts and Crafts**

During week one of this session, we will be exploring engineering and its applications by designing and building different machines, constructing tracks of tunnels, funnels, ramps, and chutes, then set the ball rolling and watch their creation come to life. Through trial and error, they gain an early understanding of physics and engineering concepts like balance and structural stability. We will close out this session with arts and crafts. Join us as we discover our creative side through arts and crafts. There are so many ways of expressing art. Have you ever created art out of yarn or done pointillism painting? We will be having tons of fun as we create our masterpieces.

**SESSION I**  
**June 14 – June 25**

**SESSION II**  
**July 12-July 23**

Program participants may opt for single weeks of any two-week session above

**PROGRAM FEES**

A *non-refundable* **New Student Registration Fee of \$20** will apply to all enrolling students who are new to M.D.S and *not* enrolled for the upcoming academic year. New students must also complete an Emergency Card upon enrolling. **Full payment of the first session selected must accompany this form and is NON-REFUNDABLE.** Payment for subsequent sessions is due the first day of the session. There are no refunds or credits for missed days due to illness, vacation or change of plans.

<b>Half Day (9:00 AM – 12:00 PM)</b>	<b>\$240/Two Week Session</b>
<b>Full Day (9:00 AM – 3:00 PM)</b>	<b>\$305/Two Week Session</b>
<b>Extended Day (8:00 AM – 4:30 PM)</b>	<b>\$330/Two Week Session</b>
<b>All Day (7:00 AM – 5:00 PM)</b>	<b>\$355/Two Week Session</b>

Save \$10 per session when you sign up for two or more sessions!

**Please indicate which session(s) you wish your child to attend:**
